

G-Shot 501

High quality 5.0 mega pixel digital camera

The newest addition to the Genius G-Shot series is the G-Shot 501 digital camera. It has an advanced 5.0 mega pixel CMOS image sensor that gives you extreme clarity to take high quality images up to 12 mega pixel through software interpolation.

The slim and light G-Shot 501 is a perfect choice and easy to use for any family generation to record all happy occurrences. It features six kinds of shooting modes; Auto, Sports, Night, Portrait, Landscape, and Backlight, and use the 8x Digital zoom to help you capture and adjust the subject in still images under different conditions. This camera also includes a digital video camera mode; it can record 640 x 480 and 320 x 240 video resolution with voice when you playback on a PC.

Ask your salesperson for more details on the latest basic digital camera from Genius.
